

## 2025 Annual Activity Report

**Organization:** Northern Flights Disc Golf Inc.

**Reporting Period:** January 1 – Oct 15, 2025

**Prepared by:** Chris Willey, President

---

### Overview

Northern Flights Disc Golf Inc. was established to promote disc golf, outdoor recreation, and community wellness across Saskatchewan.

The 2025 season presented significant challenges due to widespread **wildfires** that affected many of the communities where planned events were to be held. Despite these setbacks, Northern Flights continued to operate in alignment with its mission, fostering active living and bringing people together through disc golf.

### Season Summary

#### Spring / Early Summer 2025

- We organized the Spring League in Flin Flon and introduced bag tags to members of Flin Flon and The Pas MB. The League was cancelled with 2 weeks remaining due to mandatory evacuation. <https://udisc.com/leagues/northern-flights-disc-golf-inc-G8N8oW>
- Several planned pop-up courses and community events in northern towns were **postponed then cancelled** due to wildfire evacuations and recovery efforts. Denare Beach was one of the communities hit the hardest.

- Northern Flights worked with local municipalities, but **resources were redirected toward community rebuilding**, we maintain contact with municipal recreation departments for future events.

#### Mid-Summer 2025

- With air quality improving and restrictions lifting, the organization began planning smaller-scale events to re-engage local players.
- **Ski Hill Event** – Northern Flights hosted a successful 100% free community disc golf day at the local ski hill.

- Attendance exceeded expectations despite have evacuation recently lifted.
- Local sponsors and volunteers contributed prizes.
- Feedback from participants was overwhelmingly positive, highlighting the therapeutic value of outdoor recreation following the wildfire season.
- Promotional materials featuring **SaskEnergy**, **SPAR (Saskatchewan Parks and Recreation)** and **Sask Lotto** were displayed at the event, fulfilling sponsorship recognition requirements.

**SaskEnergy**

The SaskEnergy design is an official mark of SaskEnergy Incorporated; used by Northern Flights Disc Golf Inc. under license and authorization.

- Northern Flights maintained an active **social-media presence**, creating original music and humorous videos to engage a wider audience and promote community connection through disc golf.

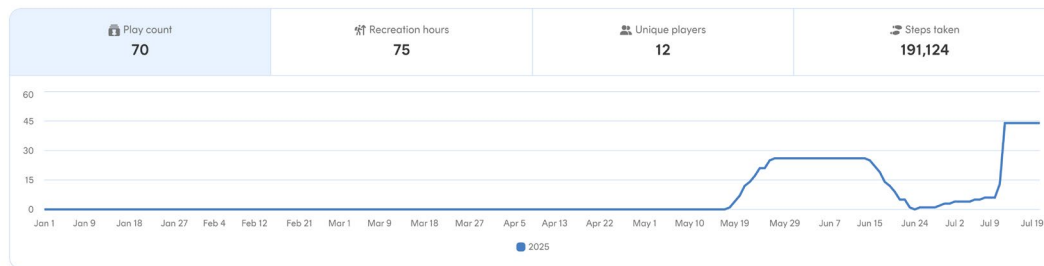

We created the course at the Ski Hill, and the first round was played on May 18, 2025. The course was removed on June 12, 2025 after the ski hill event.

These are the statistics for the course for the people that used UDisc and remember our community was evacuated for one month, so these are great numbers for the time the course was available to play.

- Total Rounds Played: 70
- Total Steps Taken: 191,124 (approx. 137 km walked)
- Unique Players: 12
- Recreation Hours Logged: 74
